3rd Responses to Questions

Questions received after 5:00PM ET on February 9, 2012

1. Page 2 of the amendment dated February 9th under Total Projections for Contract Year 1 shows slots of 75, 75, 40, 140, 5 and 100 for a total of 435 slots. The amended Budget Form shows 383 for a daily population for year 1. Should we be budgeting for 435 slots or 383 slots the first year. Budget Form and Amendment both posted on February 9th. The same question for years two and three.

Response: The population numbers on the budget forms should be used.

2. The RFP requires a payment bond in the amount of the value of the contract for the duration of the contract. Does this mean the initial two year term or the full five years with the options? Are discretionary funds included in the amount of the payment bond? Also, the MSBDFA has an upper limit of \$5 million. The first two years of the contract will exceed this amount without discretionary funds. Can you offer any guidance?

Response: See Amendment 2 issued February 15, 2012.
